3.The Battle Of Evermore	
The Queen of Light took her bow	Why her quest He died for me
And then she turned to go	Oh you're in shame
The Prince of Peace embraced the gloom	Oh you can save me Save yourself
And walked the night alone	Oh here I'm the poor one
Oh, dance in the dark of night	Oh we part in the *shadows*
Sing to the morning light	Oh they resist
The dark Lord rides in force tonight	Hands the rope Kneels down with God
And time will tell us all	Oh Oh Survive commander
Oh, throw down your plow and hoe	Oh last but little too
Rest not to lock your homes	I live in terror
Side by side we wait the might	And they pay you I'll surpass
Of the darkest of them all	Ahhhh I see random
I hear the horses' thunder down in the valley below	Oh Living life on the Right Can't message they won't pay ya
I'm waiting for the angels of Avalon, waiting for the eastern glow	On the sea of the new one On the battles of Hang it up with humour
The apples of the valley hold the seeds of happiness	Hand me my disease So I'll live life in a box of my own
The ground is rich from tender care	Hey good news It was denial
Repay, do not forget, no, no	No No They cooked underneath them
Dance in the dark of night	Here I lose height
Sing to the morning light	Am I a little too slow
The apples turn to brown and black	Can't deny this Hurt's a little
The tyrant's face is red	Hey Here's your anthem
Oh war is the common cry	hand for this rope
Pick up your swords and fly	Or save your
The sky is filled with good and bad	Help me lose them It's the accent
That mortals never know	Oh, Ends the dumb
Oh, well, the night is long, the beads of time pass slow	Oh save [??] Words are unavailable
Tired eyes on the sunrise, waiting for the eastern glow	On the sea of mew Here restless on the outhouse
The pain of war cannot exceed the woe of aftermath	I am the, I am the Walruth Please spit on me No funny
The drums will shake the castle wall	Long forsaken Jesus Christ
The Ringwraiths ride in black, ride on	It's sold out! Help me I will save you
Sing as you raise your bow	I foresee it was this

(Ride on)	Hold on
Shoot straighter than before	Spoken lovers Here's to the show
No comfort has the fire at night	Hand it out They the first one
That lights the face so cold	Oh We sin without them
Oh dance in the dark of night	Hand body touch Ohhh
Sing to the morning light	Oh Lovers kiss
The magic runes are writ in gold to bring the balance back	Back to the life I knew Hold me in this
Bring it back	I'll sing you
At last the sun is shining	And I sure smell it
The clouds of blue roll by	I won't live beside them
With flames from the dragon of darkness	That's in between us two
The sunlight blinds his eyes	I … Think that I'll smile Save your husband
Ah ...	Ah ...
Bring it back, bring it back, bring it back, bring it back	Hear I'll sing you, Hear I'll sing you, Hear I'll sing you, Hear I'll sing you
Bring it back, bring it back, bring it back, bring it back	Hear I'll sing you, Hear I'll sing you, Hear I'll sing you, Hear I'll sing you
Oh now oh now oh now oh, oh now oh now oh now	I more, I more, I move, more, I more, I more, I move
Bring it back, bring it back, bring it back, bring it back	Hear I'll sing you, Hear I'll sing you, Hear I'll sing you, Hear I'll sing you
Oh now oh now oh now oh, oh now oh now oh now	I more, I more, I move, more, I more, I more, I move
Bring it bring it bring it bring it	Hang you, Hang you, Hang you, Hang you
Bring it bring it bring it bring it	Hang you, Hang you, Hang you, Hang you,
Bring it bring it bring it bring it	Hang you, Hang you, Hang you, Hang you,

4. Stairway to Heaven	
There's a lady who's sure All that glitters is gold	Who owns this earth built below Oh Sweet Israel
And she's buying a stairway to heaven	Play it Hear where its sung here oppositioner
When she gets there she knows, if the stores are all closed	To look for us odd sickly One chance take his show
With a word she can get what she came for	He who show May make his show with him
Ooh, ooh, and she's buying a stairway to heaven	Play it Here why its sung here oppositioner ohh
There's a sign on the wall, but she wants to be sure	I wish it would snow Bishop For all of my masses sake
Cause you know sometimes words have two meanings	Any Moot that serves back my sworn vision
In a tree by the brook, there's a songbird who sings	Now must be superb Masses ended Over there He who should learn thee
Sometimes all of our thoughts are misgiven	He who say the lords Thoth have our laws
Oh it makes me wonder	And no wimps can do
Oh it makes me wonder	And no wimps can do
There's a feeling I get when I look to the west	Failed we'll lose One line up They gotta leave for Satan
And my spirit is crying for leaving	Heavy lift me out Spake the Reve Someday
In my thoughts I have seen rings of smoke through the trees	See here's the news Who walks with mute grief Perhaps no one found thee
And the voices of those who stand looking	Hunt next to the sword Masses they offered me
Oh it makes me wonder	And no wimps can do
Oh it really makes me wonder	And no wimps can bend the rules
And it's whispered that soon, if we all call the tune	Who wish the lord fall If we lose feather Say you'll save me
Then the piper will lead us to reason	I see ruins said he The world they offered me
And a new day will dawn for those who stand long	Always soothes the worker Born to be a criminal
And the forests will echo with laughter	Family won't get loose They offered me
Ohhhh	Ohhhh
If there's a bustle in your hedgerow, don't be alarmed now	There was a little tool shed Where he made us suffer sad Satan
It's just a spring clean for the May queen	He will give those in him 666
Yes, there are two paths you can go by, but in the long run	There was a little child Who would make me sad Whose power is Satan

There's still time to change the road you're on	Nor his woes Here's to my sweet Satan
And it makes me wonder	Ohhh ... There's no escaping it
Your head is humming and it won't go, in case you don't know	I was a shaggy fool Clothed in agony Lost at a height
The piper's calling you to join him	Pray now and you'll see The Lord turned me off it
Dear lady, can you hear the wind blow, and did you know	One wish today You'll all pray for Three who will make it here late
Your stairway lies on the whispering wind?	Ohhh ... I will never be saved Because I live with Satan
And as we wind on down the road	The Lord my God now will save me
Our shadows taller than our soul	We're all out of signs I know I'm sorta shocked
There walks a lady we all know	And all my life will end for him
Who shines white light and wants to show	Oh she swells with our lousy issue
How everything still turns to gold	Oh it stirs my sin The river
And if you listen very hard	Or hear him Christian within me
The tune will come to you at last	And I loathe you now Parishioner
When all is one and one is all, yeah	They all sing as they are one
To be a rock and not to roll, oh	Ohhh … I will contact Come for you
And she's buying a stairway to heaven	Play backward Hear why it's sung here oppositioner
